

Save on health coverage by putting the power of numbers to work for your business.

Thanks to recent changes in federal health insurance regulations, you may be able to save on health coverage by putting the buying power of an Association Health Plan (AHP) to work for your small business.

With an AHP, you can join with other North Texas small businesses to get benefits typically enjoyed by larger companies—including lower premiums, reduced administrative costs and more coverage options to help meet the needs of your employees. By joining the Grapevine Chamber of Commerce, you'll be eligible to join our AHP and begin realizing these benefits.

We are working to bring you more.

Grapevine Chamber of Commerce is collaborating with UnitedHealthcare to offer one of the country's leading Association Health Plan programs. UnitedHealthcare serves more than 28 million Americans, including more than 1 million employees in association groups across the country. When you join the North Texas Employer Health Plan Cooperative, your employees get a:

- **Variety of resources and digital tools** to help make health plans easier to use and help your employees better understand their benefits, coverage and costs.
